## Think of the Danger

If a will is lost it often means legal complications worse than a contest. If a deed to a piece of property is mislaid and not found when wanted there must be a duplicate made and certified by the proper officials in the land offices. And it all means money lost. In either event the cost is greater by far than the rent of a box in our Safe Deposit vault several times over.

## FOR FOUR DOLLARS

We guarantee you security from loss for the period of one year and you will have the use of one of the boxes in our vault that is made of steel and iron and built so strong that it will resist the attacks of burglars even when dynamite is used to effect an entrance.

## FOR CORPORATIONS

We have the largest private boxes to be found in any vault in the country. These are made large so that books of record as well as silver plate in large quantities may be easily deposited in one of them. For estates managed by two persons they are most satisfactory for the reason that both officers must be present in order that the safe may be opened.

We have private rooms where papers may be examined at any time during business hours and where there is less danger of interruption than there would be in a private office.

The officers of this Company are always ready to give advice when asked upon any subject with which their experience has made them familiar. The securities offered investors are believed to be of the highest grade and such as the courts approve for investment by executors and administrators.

We will be pleased to have you call and inspect the offices and the mammoth vault whether or not you intend to become a patron.

The Board of Supervisors will hold a meeting at 7:30 o'clock this evening. Former John Drake of the Mikahala reports the lack of W. B. Flint at Elsie's absence. The weather there was moderate.

Prize time of the Mikahala reports the following cargo on hand on Kaula: K. S. M., 2500; V. K., 500; Mak., 12,019; G. & R., 705; K. P., 1800; P., 1825.

The Chamber of Commerce and the Merchants' Association will hold a joint meeting at 2 o'clock this afternoon to discuss the proposed Pan-Pacific exposition.

The Hawaiian Hotel will give a reception dance for the Alameda passengers on Friday evening. Every one is invited and those who attend are assured of a pleasant time. A special dinner will be served the same evening and intending diners should reserve tables now.

Tax Collector Holt has been superintending the packing today of the supplies for the various tax divisions. Assistant Tax Collector Neeley is busy with suits in the District Court against delinquent tax payers. The number of the delinquents shows no great increase over last year.

Inability to find Frank Tunnison, the chauffeur of F. B. Whitin, who ran his employer's car into the back of Gump's last May, is the reason presented by Mr. Peterson, attorney for the defendant, in asking for a continuance of four weeks or more in the damage suits brought by Gump's and T. S. Kay against Whitin.

The Board of Governors of the Commercial Club held a meeting last night at which the matter of securing quarters for the club was considered. Jas. F. Morgan and F. L. Waldron were appointed a committee to attend to this. Negotiations are at present under way for leasing rooms on the fourth floor of the McCandless building.

THE YOUNG CAFE  
OPENS TOMORROW

The public generally is invited to the opening of the Alexander Young Cafe tomorrow. The doors open at 7 o'clock tomorrow morning and one can call at that hour and get a dainty breakfast. Meals will be served at all hours and the Cafe will be open until eleven at night.

The Alexander Young Cafe promises to be such an institution as has long been needed in Honolulu. It will be run on a similar plan to high grade cafes on the mainland and the management will see that everything will be neat and clean. The service will be prompt and efficient and the quality of foods and confections of the highest.

Special preparations have been made for the Holiday trade and all kinds of fine candies are ready in fancy boxes. Huyler's candies, fresh and delicious, will be sold, as well as the home product made by an experienced candy-maker from the Coast.

A great crowd is expected all day tomorrow and the Cafe is ready to receive it.

## MANNING OFFICER TO GO

When the Alameda makes her next trip to the Coast she will take with her one of the officers of the Manning who will be greatly missed in Honolulu. Engineer T. G. Lewton, Mr. Lewton has been with the Manning ever since she has been stationed in this harbor and has made many friends here and will be missed in social circles as well as by his brother officers.

Lieut. Lewton will take the position of engineer in charge of the Arcata, one of the Revenue vessels which has headquarters at Port Townsend and looks after the internal revenue interests on Puget Sound. He has been on in the service in this same part of the country before so will find himself among friends as soon as he reaches the Sound.

## BATTLE FOR CHAIRMAN

(Continued from Page 1)  
vital question, as it will indicate on which side he will stand in the future. The party which lands him will have a majority on every issue in which the fight is made on party lines.

The matter of the appointment of Brown by Cathcart is a still more difficult one to probe. While the law given the County Attorney the right to appoint his assistants, the Board can effectually checkmate him by refusing to allow the salary warrant of any appointee who displeases a majority of its members. This is very probably the card which Harvey has up his sleeve. Here, again, the party lines will probably be the lines of battle. Harvey and Fern will certainly be against Brown. Archer will probably be the same, especially if Republican opposition beats him out of the chairmanship, to which he aspires. In this case the deciding vote will again be Keoloha's.

To add to the trouble there are some politicians who doubt that Dwight will stick to Huestace. They point out that he is on terms of exceedingly close personal friendship with them; they are all members and officers of the same Hawaiian lodges, etc. On the other hand, when Dwight was seen today he certainly appeared resolved to stand by his fellow Republicans.

In the meantime the principal target of the Democrats, the Road Supervisor's job, will not be shot at before the new Board is actually in office. Then there will be a battle royal. The Democrats are after Sam Johnson's scalp more than anything else, and intend to make a big fight to oust him.

In this battle, judging from the present indications, the party lines will be practically obliterated. Politicians say that Johnson can count only on Huestace and Keoloha. Fern, Harvey and Archer are against him, and it is believed that Cox and Dwight will join them.

Should Sam be dethroned John Wilson is the choice of the Democrats for the job. Wilson is a son of Charles B. Wilson, who formerly played an important role in politics. He is an engineer and contractor, and is at present engaged in work on Kaula, but is expected to arrive in Honolulu next Sunday. The Democrats make the plea that they want Wilson appointed on the score of economy for the County, as it is their intention to have him fill the offices of both Road Supervisor and County Engineer, in which case they want to give him a freer hand than was ever enjoyed by Johnson.

There is some possibility that these matters will be settled by a trade by which the Republicans are given the chairmanship and Brown sacrificed, or vice versa. The Supervisors-elect will say nothing, and their meeting tonight will be behind closed doors.

## CUT-GLASS DISPLAY

Diamond & Co.'s cut glass department is a very superior one, in quality and variety. Libby's make, of course, stands supreme. The fad is for cut glass, trimmed or mounted with silver. Holiday shoppers will find the other departments of this "Crystal Palace" equally as well stocked.
